

June 11, 2010

Dear Parents,

Each year parents ask me what they can do to help their children maintain the skills they developed in second grade. The most important thing is to read, read, and read. In addition, there are some workbooks that can serve to both review second grade and preview third grade. These can be purchased at Educational Stuff on South Main St.

Rainbow Bridge Pub	Summer Bridge Activities grades 2-3
Evan-Moor	Daily Math Practice grade 3
Evan-Moor	Basic Math Skills grade 3
Frank Schaffer	Spectrum Math Skills grade 3
Evan-Moor	Read and Understand grade 3
Kelly Wingate Pub	Reading and Comprehension and Skills grade 3
Evan-Moor	Daily Academic Vocabulary grade 2
Evan-Moor	Language Fundamentals grade 3 (grammar and punctuation)
Evan-Moor	Grammar and Punctuation grade 3
Teacher Created Resources	Standardized Tests grade 3

I hope all of our families have a wonderful summer. I have enjoyed working with you and your children.

Sincerely,

Eileen Domalaog
