

## ***Sports Awards Information***

### **5<sup>th</sup>/6<sup>th</sup> Awards**

**Sportsmanship Award:** is given to the player that receives the most votes from the team. Team members should vote not on popularity but who they feel has demonstrated the best sportsmanship at practice, at games, with the other players and with the coach, assistant coach, and team parents.

**Coach's Award:** is given to the player that has demonstrated gradual growth, a willingness to continue to learn and grow, and has had a steadfast leadership role throughout the season. This does not necessarily have to be the best player, but it is a player who exemplifies the true meaning of sportsmanship and what it means to be a Crusader. This is given to the player who is the best teammate, and often the hardest-working. This person's positive attitude and outlook inspires everyone to perform better.

### **7th/8th Awards**

**Most Valuable Player:** is given to the player who has demonstrated the highest degree of skill as an all around player in the sport. This is the most coveted award a team member can earn. The Most Valuable Player trophy usually goes to the person who is the best player on the team.

**Most Improved Player:** is given to the player who has improved their skills from the beginning the most of any player on the team. A Most Improved Player starts out with less skills and confidence than the rest of his/her teammates. He/She goes on to prove that he/she can not only master the skills, but on occasion even outperform the best players on the team.
